

26th February 2016

Dear Parent / Carer,

Thank you to all parents / carers of Year 12 students who attended the meeting on the 25th February regarding the closure of the UTC Central Bedfordshire in August 2016.

I would like to take this opportunity to clarify the situation for parents / carers of all students.

Since its opening in 2012, the UTC has been unable to attract sufficient students to provide a financially viable, high quality experience after 2015-16. Therefore the UTC is making alternative arrangements to ensure all students are able to complete their programmes in full on the same site with the funding and staff transferring to our sponsor Bedford College.

These changes will begin in September 2016, therefore, our current Year 13 students will not be affected in anyway. Our high quality resources, provisions and curriculum for current Year 12 students will remain unchanged. The only noticeable change being more limited access to the building which we currently use.

If you have any concerns regarding this issue, please do not hesitate to contact me.

Thank you for your continued support.

Yours sincerely

Lesley Glover
Headteacher
