# Academic Appeals Policy

## Policy Statement

1. It is the policy of Bedford College Group to develop and maintain assessment procedures that are fair, reliable and open to scrutiny. The College charter fully outlines the College's commitment to students.
2. The Bedford College Group operates a rigorous system of internal verification across all of its centres to guarantee fair assessment that complies with awarding organisation requirements. It is recognised, however, that there could be exceptional circumstances when individual students or groups may wish to appeal against recommendations or decisions relating to assessment. The following appeals procedure outlines the action that may be taken in such circumstances.
3. In all cases the centre's academic appeal process supports and supplements the appeal process for all awarding organisations and Higher Education Institutions. While students are encouraged to follow the College's internal appeals policy, students have the right to appeal directly to the relevant awarding organisation or relevant Higher Education Institution at any time. Students also have a right to appeal through the appeals procedure as stated in the NVQ Code of Practice.
4. For all FE Awarding Organisations and for Pearson Higher Nationals, the student may request support from the Quality Nominee in order to access and understand the awarding organisation's appeals process. Likewise, the HE Director is available to provide similar support for Appeals related to University validated programmes.

## Scope of Policy and Procedure

5. Any student who believes that a piece of work submitted for assessment has been assessed unfairly, inconsistently or not in accordance with the standards and level required by the awarding Organisation, shall have the right to appeal against the assessment mark, grade or final outcome.
6. In the first instance any concerns should be discussed with the student's personal tutor or a member of the teaching team. While it is recognised that in most circumstances student queries relating to assessment can and will be resolved informally, the formal appeals procedure is available to support students in their appeal.
7. If a student needs help in making an appeal, this can be obtained by contacting their personal tutor or a member of the Quality department.
8. It is the responsibility of students to inform the centre if they are not satisfied with the grading of any piece of work. The College Appeals policy and

procedure enables students to make a formal appeal against a recommendation or decision relating to:

- (i) The mark or grade for an individual item of coursework
- (ii) The result of an individual course
- (iii) Entitlement to an award
- (iv) The class or grade of an award

*Note 1 Throughout this document a piece of work shall refer to a set task which may be a written report, essay or assignment, a diagrammatic or pictorial representation, the production of a tangible item or artefact, a portfolio of work or an oral presentation or performance.*

### **Grounds for Appeal**

9. A student/candidate may appeal against an assessment decision if he/she believes that the decision is unfair or unreasonable. Normally an appeal can be made on any one of the following grounds:
  - (i) Relevant assessment criteria have been met but not acknowledged
  - (ii) The assessments were not conducted in accordance with the awarding Organisation's regulations
  - (iii) Assessment procedures, including examinations, were not conducted fairly
  - (iv) The internal verifier was presented with incorrect or inaccurate assessment information
  - (v) There were medical or other extenuating circumstances of which the relevant course manager was unaware when assessment decisions were being made
  - (vi) There was unfairness or impropriety on the part of one or more of the assessors/examiners
  - (vii) The student was unjustifiably excluded from an examination or an assessment opportunity
10. For appeals related to externally assessed work or examinations, the student must appeal directly to the relevant Awarding Organisation.
11. It is the responsibility of the student to notify the course manager in writing of any extenuating circumstances which may be adversely affecting the student's performance. Normally, this should be done before the assessment process takes place.

## **Appeals Procedure**

12. The procedure for appeals is detailed on page 5 of this document.

## **Awarding Organisation Rules and Regulations**

13. Where the Awarding/EPAO Organisation allows, if a learner is unable to resolve an appeal with the centre then they have a right to escalate the appeal to the associated Awarding or EPAO Organisation. Any appeal must be submitted within 20 days of the associated assessment.
14. The relevant Awarding Organisation's appeals procedure will be invoked where:
  - a. The issue cannot be resolved internally
  - b. The appeal is in relation to an examination
